

LETHALLY BLONDE

If Elle Woods were a teenage demon,
her name would be Morgan Skully.

Morgan Skully is the world's only blonde demon girl, and she's got a brand new, very unusual afterschool job. Spying for the Devil. She'd much rather use her cloak-and-dagger skills to spy on hottie-licious Derek with her friends, but the Devil won't take no for an answer. Luckily for Morgan, her new boss is kinda hot. Her assignment is simple: find out who at Pitchfork Prep is funneling secrets to the Siberian Werewolf Council. If she succeeds, pedicures and platinum highlights are just the beginning. But if she fails, she'll be expelled before she can woo Derek into asking her to the Brimstone Ball!

"In a breezy, sassy and snappy first-person narration... Morgan is so appealing that readers can't stop turning pages to find out what she'll do next. Like cotton candy, this is fun even if it isn't filling." Kirkus Reviews & listed in the 2012 Kirkus BEA Big Book Guide

"At the end of the day this is just a fluffy little book... that I absolutely adored... it was cute, fun, lighthearted and I ended with a smile on my face."
I Love YA Fiction Reviews

"I so totally could not put down this book. Morgan is such a loveable character, and her thinking is JUST like a 16 year old, high school student. I found myself laughing out loud at just how much she reminded me of myself when I was that age. The world that Patrice Lyle paints in this book is simply amazing."
